

# Green IT Operations Work Group

Shell Culp, CIO  
Department of Toxic  
Substances Control  
October 19, 2007

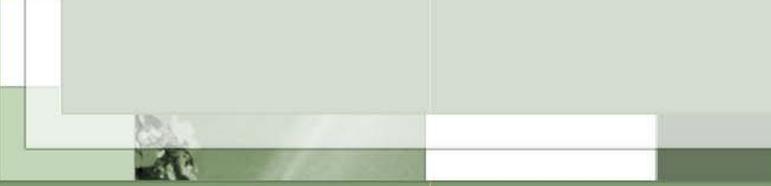

# Why?

- Build Green
  - Buy and Use Green -
  - Reduce, reuse, recycle
  - Complimentary effort to change our behavior
    - 2% global carbon contribution = ITC
    - 62% of that is associated with use patterns
- 

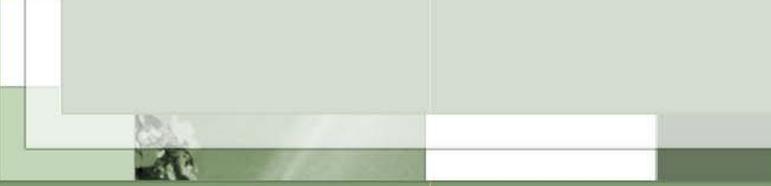

# Status

- Convening the team
    - State Government
    - Local Government
    - Education
  - Schedule first meeting
    - Target 2<sup>nd</sup> week of November
    - Cal/EPA building
- 
- 

# Direction

- Charter in broad strokes:
    - Develop the blueprint of “greening” California Government IT operations outside the data center
  - Work plan
    - Symposia
    - Toolkits
- 
-
